**HOME EQUITY
LOANS
ARE
HERE!**

**Variable Rate Line
of Credit
or
Fixed Rate Term**

Green River Basin Federal Credit Union introduces Home Equity Lending. Use our variable rate line of credit to have money in reserve for that unexpected event or even that special vacation. Use the fixed rate term loan to purchase that new car, boat, or travel trailer.

According to an independent survey of financial institutions in the area, our loan rates are among the lowest, if not the lowest, of twelve institutions surveyed. If you currently have a home equity loan with someone else, you may want to price our loan rates to determine if we can lower your monthly payment.

For details, stop in and visit or call Kristin Sizemore, our home equity lending specialist. Home Equity loans are subject to credit union policy and underwriting standards. Consult your tax adviser to determine whether or not interest on your home equity loan is tax deductible.

We look forward to serving your home equity loan needs.

Rock Springs Branch Office

The Board of Directors is pleased to announce the opening of our branch office in Rock Springs. We are celebrating the 40th anniversary of the credit union by expanding and offering the credit union difference in Rock Springs. The office should be open for business the week of October 1st; however, no definite date has been set as the exact date is dependant upon the proper set up of data processing operations.

Leona Folkerts, long time Service Representative, from our Green River office is transferring to the new branch office. She will be joined by Angie Wilfong, a newcomer to the credit union.

Hours at the Rock Springs office will be slightly different than the hours at the office in Green River. The same services offered in Green River will be available in Rock Springs; however, loan applications taken in Rock Springs will be forwarded to Green River for review and approval.

We look forward to providing the credit union advantage to our Rock Springs members as well as potential members in the area.

Watch for our Grand Opening announcement in either office or newspaper.
